

Dear East Palo Alto Kids Foundation,  
Thank you very much for the money you gave to our class. With your donation we were able to go to Año Nuevo State Reserve.

At Año Nuevo I heard growls and rumbles of elephants seals. I saw molted fur and elephants seal whiskers. I also rolled down the sand dunes.

One thing I really enjoyed was when the 8 or 9 year old elephant seals where pretending to fight because one day they will really need to fight so that they could protect their little babies.

Sincerely,  
Judy
